Dear Ms Kang,

This letter is in regards to the March 21, 2014 compliance check of your Category A, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

☐ 110.5(1)a Numbers for police, fire, ambulance, poison information posted by phone.

☐ 110.5(1)a Numbers for each child's parent, physician, and a responsible person are accessible by the phone.

☐ 110.5(1)s The provider has completed training in CPR for infants, toddlers, and children. Documentation of current certification is on file.

Contact Child Care Resource and Referral at 1-800-722-7619 for assistance with locating a CPR course. You can also contact Hilary Burbank of LSI Refugee Community Services at 515-271-7315 as she might be able to provide more culturally appropriate assistance.

110.5(2) A provider file is maintained and contains:

☐ 110.5(2)a A physician's signed statement of health and immunization status on the provider and all members of the household who may be present when children are in the home. Statements must be obtained at the time of initial registration and updated every two years.

Please refer to the packet of forms left with you. Pages 33 and 34 need to be completed by a doctor for each household member 18 and older. This needs to be repeated every two years.

☐ 110.5(2)b Two hours of approved child abuse and neglect mandatory reporter training (and every 5 years thereafter.)

You indicated this was completed but did not have a certificate. Inquire from Child Care Resource and Referral at 1-800-722-7619 to see about getting a certificate. There is a form on page 16 that lists the website for this class, it may have some helpful information on obtaining your certificate.

☐ 110.5(2)b Certification by an approved trainer/organization in infant and child first-aid that includes mouth-to-mouth resuscitation. Certification will be maintained throughout period of registration. If they are unable to locate first aid training that includes mouth-to-mouth resuscitation, they must complete both a first aid course and CPR.

☐ 110.5(2)b During the first year of registration – 12 hours of approved training. At least six hours shall be in a group setting. Two of the twelve hours must be health and safety training. A specific training shall not be used to meet requirements more than one time every five years.

☐ 110.5(2)b During the second year of registration and each succeeding year, twelve hours of approved training. At least six hours shall be in a group setting. If the provider has documentation of completing the ChildNet, PITC, or Beyond Business Basics series, these hours may be used to fulfill two year's training requirements, not including first aid and mandatory reporter training. A specific training shall not be used to meet requirements more than one time every five years.

Contact Child Care Resource and Referral at 1-800-722-7619 and Hilary Burbank at 515-271-7315. 12 hours of child care related training is required each year and certificates should be kept in a provider folder for easy access and verification that the classes have been completed.

110.5(3) Activity Program.
